Mage Math

Name: _____   Date: _____

Write an equation that shows each story.

1. Leilani collected 3 shells and 2 rocks at the beach. She collected 5 things in all.

    $3 + 2 = 5$

2. A zoo exhibit has 4 adult tigers and 3 tiger cubs. The zoo has 7 tigers in all.

    $4 + 3 = 7$

3. Jack decorated 5 cookies to look like flowers and 1 cookie to look like a star. Altogether, he decorated 6 cookies.

    $5 + 1 = 6$

4. Tina planted 4 pepper plants and 7 tomato plants in her garden. Tina planted 11 total plants in her garden.

    $4 + 7 = 11$

5. Malcolm ran 8 miles yesterday and 6 miles today. He ran 14 miles in all.

    $8 + 6 = 14$

6. Danielle bought 9 pears and 7 apples. She bought 16 pieces of fruit in all.

    $9 + 7 = 16$
